"On behalf of the entire staff at Tomales High I want to express my appreciation for all your hard work the other day preparing our juniors for the ACT exam. It was a very valuable experience for our students. They will definitely be better prepared for the exam. Your presentation and tips for improving their scores was very informative and helpful."

- Steffan P. O'Neill, Tomales High College and Career Counselor

"While many students hear about the ACT as an alternative to the SAT, few know enough about the test to decide whether it's right for them. The Eureka Mock ACT really helped our students understand the differences between the SAT and ACT."

- Amy Golden, Vice Principal, Beverly Hills High
